Diabetes Dayton is dedicated to the assistance and support of individuals affected by diabetes.
Diabetes Dayton is a local, independent non-profit agency. We are not affiliated with any national organization. All monies raised for Diabetes Dayton stay in our local Greater Dayton community.

Our programs include:

- Free Diabetes Education Classes
- Screenings
- Diabetes Emergency Supply Assistance Program (DESAP) for the uninsured
- Information & Referral Services
- Summer camps for children living with either Type 1 or Type 2 diabetes
- Annual Diabetes Expo

The Diabetes Resource Guide has been put together for both diabetes professionals and anyone seeking assistance with their diabetes. We have done our best to ensure that all of the information is correct and current. Please contact us via phone at 937/220-6611 or via email at dada@diabetesdayton.org if there is information that needs corrected. Diabetes Dayton is not specifically endorsing or promoting the programs listed; we assembled it for informational purposes only. Please, seek medical advice from your doctor or healthcare professional.

Thank you!

Leading with care

By always putting our patients first. By treating each person as an individual. By innovating, sharing and listening. By always acting with wisdom, compassion and honor. That's how the thousands of experts who make up Premier Health are leading with care.

premierhealth.com
Anthem is dedicated to:

- Delivering better care to our members
- Providing greater value to our customers
- Helping improve the health of our communities

Proud Sponsor of Diabetes Expo 2015
Novo Nordisk
A world leader in diabetes care!

Proud supporter through an educational grant 2015
Supporting Sponsors 2015:

As Caring as You

Life is a daily journey. Your work, budgets and health situations can be a lot to handle. But everyday, you buckle down, embrace the challenges and keep on keeping on, because you know it's more than worth it. That's why, for over 25 years, our passion has always been to care as much as you.

CARESOURCE.COM
Putting you in control.

Providence Diabetes Center helps ensure a healthier, fuller life for everyone living with diabetes.

- Your complete self-management education resource.
- Programs tailored to each participant’s needs.
- Independently operated—no referral is necessary!
- Nutrition information and counseling.
- Convenient locations throughout greater Dayton—new patients are always welcome, most insurance is accepted.

Visit www.daytondiabetes.com or call (937) 396-8137 today.

Why is the t:slim® Pump Ranked #1? Simple!

t:slim®
Insulin Pump

Simple to learn.
Simple to use.
Simple to love.

#1 Overall Satisfaction
#1 Customer Support
#1 Ease of Training

We designed the t:slim® Insulin Pump after spending thousands of hours talking with patients, doctors, and diabetes educators. Maybe that’s why in a recent independent survey of 1,275 insulin pump users, the t:slim Insulin Pump from Tandem Diabetes Care ranked #1 for overall satisfaction, #1 for ease of training, and #1 for customer support.*

Visit www.tandemdiabetes.com to learn more.

Beautiful showroom in Lebanon with everything for your diabetic and foot care needs. We are happy to schedule home visits for those homebound patients.
Quality Care

Whether you just found out you have diabetes or have been living with it for years, you deserve the best care possible.

The National Committee for Quality Assurance (NCQA), a private non-profit organization dedicated to improving health care quality, has recognized many PriMed doctors for their outstanding diabetic care.

Learn what PriMed’s approach to quality healthcare means for individuals with diabetes. Go to primedphysicians.com and click on “quality care.”

Working together, for you
Our primary care physicians, along with PriMed’s Endocrinology team and diabetes education program, work together for coordinated patient care.

When patients with Type 2 diabetes on basal insulin are not at goal

Take the next step

V-Go® Insulin Delivery Device may help improve glycemic control*1

For adults with Type 2 diabetes, V-Go delivers a continuous preset basal rate of insulin plus on-demand bolus dosing at mealtimes.

Important Risk Information: If regular adjustments or modifications to the basal rate of insulin are required in a 24-hour period, or if the amount of insulin used at meals requires adjustments of less than 2 Unit increments, use of the V-Go Disposable Insulin Delivery Device may result in hypoglycemia. The following conditions may occur during insulin therapy with the V-Go: hypoglycemia (low blood glucose) or hyperglycemia (high blood glucose). Other adverse reactions associated with V-Go use include skin irritation from the adhesive pad or infections at the infusion site. The V-Go should be removed before any magnetic resonance imaging (MRI) testing.

Learn more at www.go-vgo.com
CompuNet Clinical Laboratories proudly supports the efforts of Diabetes Dayton to assist individuals affected by diabetes.

If you or a family member lives with diabetes, CompuNet offers access to some lab tests without the need for a doctor’s prescription.

Let me count the ways

The journey from birth to adulthood spans 18 years, a journey of growth and development, accidents and illnesses, joys and maybe some sorrows. It’s a journey we know well. And just as there are 18 years of childhood, we believe there are 18 ways we’re just right for our region’s kids.

Discover the 18 ways at justrightforkids.org.
